Parent/Guardian Code of Conduct

The YOUNG GUNS JUNIOR RODEO Association believes that the young people of our Association are the future of rodeo and the future of our country. It is important that the parents and guardians of the Contestants realize how much the kids learn from watching the example set by the adults who attend our rodeos. It is understood that we, the adults who support our children in their rodeo endeavors, all want the best outcome for our children and for the children of our friends and our communities. It is also understood that certain things will come up in the course of the rodeo season, just as in the rest of our lives that we will disagree with. A questionable call by a judge, the fact our kids might not have been one of the winners that day, an honest mistake made figuring a score or a time, are just a few things that come to mind. How we choose to deal with those things can have far reaching impact on our children and our organization. Those impacts can be either positive or negative and we have control over that outcome. We will strive to show the kids of our Association that it is possible to disagree with something and to register that disagreement in such a manner so as not to create a negative experience, environment, or memory for our children who are always watching us. We understand that we are the teachers of **all** the children who are within the sound of our voices and in sight of our actions. We will make a promise to think before we act and to show our children that we respect the sport of rodeo and the people of the YOUNG GUNS JUNIOR RODEO Association. We do this to set a good example for the young minds and hearts that look to us every day for guidance, strength, support and understanding. We are adults. We are the teachers.

Permanent Expulsion may be imposed, after a meeting by the arena director. Written notice to the provided member, parent, or guardian after Board vote. A member, parent, or guardian shall be permanently expelled in the event that the member has been found guilty of misbehaving in such a manor or fraud, dishonesty, collusion, concealment or misrepresentation of facts involving judges, events, or our association.

The YOUNG GUNS JUNIOR RODEO Association is founded upon Christian principles, and it is expected that each individual member will exhibit characteristics in keeping with this foundation. Each rodeo performance will begin with a prayer to further exhibit the principles of the YOUNG GUNS JUNIOR RODEO Association.

PATTERNED EVENT GENERAL RULES
Barrel Racing & Pole Bending

1. On patterned events, the official time will be taken from the electronic eye.
2. Electronic eye timing systems are used to mark the times in the patterned events. Both Timers back this electronic system up with stopwatches in case the electronic system fails. Following is an example of how that works; The Timers will run stopwatches using the Line Judge's flag as the cue to start and stop their watches. One of the Judges (the line Judge) stands behind one of the electric eye units and sights across the arena to the second electric eye to establish the plane of the start/finish line. When the nose of the Contestant's horse breaks the plane of the starting line, the Judge drops his flag and the back-up Timers start their stopwatch at this time. The Judge drops his flag again when the Contestant returns back across the start/stop line after completing their run. The Back-up Timers stop their watches when the Judge drops his flag. The back-up times will be recorded in increments of hundredths (1/100) of a second. When the electric eye fails to work for one or more Contestants during a performance, the manual back-up time will be used for those electronically missed. The electric eye controlled times will remain unaltered.
3. Any contestant crossing finish line before the pattern is complete or breaking the pattern, will receive a no time. A broken pattern shall be defined as breaking their forward motion to retrace their tracks to finish the pattern, and/ or riding past the plane of a pole or barrel.

ROPING EVENT GENERAL RULES--JUDGES DECISION WILL BE FINAL

1. In the roping events, Chute Dogging, and Flank & Tying events the electronic eye system is not used. Instead, the Timers use stopwatches. The time will be recorded in increments of hundredths (1/100) of second. Time is to be taken between two flags. Penalties will not count in time limit.
2. There will be a field flagman and a barrier judge. Arena conditions will determine length of score. Length of score will be set by judges, stock contractors and Board of Directors.
3. There will be only one (1) contestant in the arena during a roping event.
4. If jerk line, which pulls barrier, fouls roper, he will be entitled to a rerun if he declares himself immediately, not after spending loop.

6. Judges will see that barrier is not tampered with. In the case of a barrier malfunction the call will be made by the line judge. If contestant pulls up and calls a foul, it has to be approved by the line judge in order to get a new run. If it's called and the contestant continues to rope they will not get a new run.
7. Barrier equipment will be inspected by the judge before each roper competes. Barrier pigtail will be more than 6 inches.

 - b. In case of mechanical failure.
 - c. If in the opinion of the line judge contestant is fouled by barrier, contestant shall get his calf back, providing contestant declares himself by pulling up.
13. Tailing or pushing of animals is contestants' preference. Helper must be ready. Arena Director may appoint a pusher for the Contestant.
 14. If neck rope remains on the animal after it leaves the chute, an automatic rerun will be awarded. The Field Judge will alert contestant to this fact when it happens. Contestant(s) may pull up and declare themselves but doing so is not mandatory to receive a rerun.

2. Event held at the bucking chutes. A left delivery chute will be used and all chute dogging runs will be made from the same chute.
3. Prior to starting this event the Judge will swing one of the bucking chute gates open so that it is perpendicular to the chutes. A mark will be made in the dirt at the arena end of this open gate. This mark will indicate the distance the “start of time line” will be set from the bucking chutes. After closing the chute gate, a line will be set in the dirt running parallel to the chutes using the mark previously mentioned as a start guide. This line should be set by the Judge(s). The “start line” is now set.
4. Time starts when steer’s nose breaks the plane of the “start line” after leaving the opened chute. One of the judges will drop a flag to indicate when this has happened.
5. With steers loaded in bucking chute, dogger gets beside the steer left hand on the left horn, right hand in front of or behind right shoulder. When dogger calls for the steer the chute gate will be opened. Dogger must keep right hand in front of or behind shoulder until the steer’s nose crosses the score line.

If dogger moves into throwing position before steer’s nose crosses the “start line” there will be a ten (10) second penalty added to time. This will be referred to as breaking the barrier. If steer is thrown before crossing the start line the dogger will be disqualified.
8. After crossing the start line, dogger must change direction of steer and twist it down.
9. Steer will be considered thrown down only when it is lying flat on its side, or on its back with all four feet and head straight. The judge in the field will drop his flag to stop the time when this point has been reached by the Contestant.
10. No dog falls or hoola-hans (end over end) allowed.
11. If steer gets loose from Contestant, they have one step to regain contact with steer.
12. If a steer falls in the opposite direction the dogger is attempting to throw him (dog fall) the contestant may turn the steers head to correspond with the leg position to make this a legal fall.
13. Contestant must have one hand on steer when flagged.
14. If steer is accidentally knocked down or thrown down before being brought to a stop or is thrown by wrestler putting animal’s horns into the ground, it must be let up to all four feet and then thrown.
15. Contestant cannot touch right horn until nose of steer crosses starting line.
